"Sharing your garden bounty with Neighbors in Need"

Local Realtors Can Help Diminish Hunger in America

While 49 million Americans are need food assistance, more than 40 million home gardeners grow food, often harvesting far more than they can use, preserve or give to friends.

The AmpleHarvest.org^(SM) Campaign, a not-profit organization, was established in May 2009 with the goal of enabling millions of America's home gardeners to easily find a local food pantry eager for their excess garden produce. More than 5,000 food pantries across all 50 states have joined AmpleHarvest.org. It has received support from Google.com, the USDA, many food banks, Rotary Int'l, VFW, major faith organizations as well as writers/bloggers across the country (see www.AmpleHarvest.org/feedback.php and www.AmpleHarvest.org/news.php). In May 2010, the founder of AmpleHarvest.org was designated as CNN Hero (www.AmpleHarvest.org/CNN.php).
