

What if there was a way **YOUR FOOD PANTRY** could receive fresh produce for the people you serve?

What if it was **FREE** to everyone involved?

When your food pantry joins **AmpleHarvest.org**, nearby gardeners who want to donate their surplus harvest can easily find you.

Their surplus garden bounty can be delivered just before your hungry families come in. They will get food fresher than in the supermarket, and you don't

need extra refrigeration or storage.

And it's **totally free.**
